### JEOFİZİK MÜHENDİSLİĞİ BÖLÜMÜ

The screenshot displays the website interface for the Hellenic Macroseismic Database. The header includes the logo of the Seismological Laboratory at the National and Kapodistrian University of Athens. The main content area features a text introduction, a portrait of Vicki Kouskouna, and a map of Greece showing seismic activity with colored dots. A legend in the bottom left of the map indicates depth (km) and magnitude (M) ranges.
